MARKETLINE REACH FURTHER...

In an information-rich world, finding facts you can rely upon isn't always easy. MarketLine is the solution.

At MarketLine, we make it our job to sort through the data and deliver accurate, up-to-date information on companies, industries and countries across the world. No other business information company comes close to matching our sheer breadth of coverage.

And, unlike many of our competitors, we cut the 'data padding' and present information in easy-to-digest formats, so you can absorb key facts in minutes, not hours.

Why choose MarketLine?

Reliable, concise, accessible insights

Competitive pricing

Extensive company and industry coverage

Vast geographic spread

Instant delivery

Over 10 years' experience

Current and informed data

Great customer service

We do the work for you...

Profiling all major companies, industries and geographies, MarketLine is one of the most prolific publishers of business information today.

Our content is produced by an internal team of analysts, drawing on primary and secondary research and prepared under an established methodology that's been tried and tested over 10 years.

With stringent checks and controls to capture and validate the accuracy of our data, you can be confident in MarketLine to deliver quality data in an instant.

No other business information company comes close to matching our sheer breadth of coverage - 30,000+ companies, 3,500 industries and 110 countries.

GET THE MARKETLINE ADVANTAGE

...for unlimited access to one of the biggest sources of company, industry and country information.

Advantage is our interactive, subscribers-only platform, giving you anytime access to a unique mix of company, industry, financial and country data, for every major marketplace in the world.

Along with this incredible wealth of qualitative and quantitative information, the Advantage platform features highly advanced search functionality, a user-friendly interface and navigational aids to help you access what you need in seconds.

Developed with you in mind

We've developed the Advantage platform specifically with our users in mind – you told us what you want and we've delivered it.

Advantage gives you access to our entire information library from one place, in just a few clicks. With keyword search functionality, it's as simple to use as conducting a general search on the web and you can access it from anywhere – at home or at work.

Much of our information is presented in graphical format so you can integrate our data into your projects and presentations with ease. Our breadth of industry coverage also means we don't just cover the obvious sectors, but the really niche ones too, so you'll always find what you need to support your research needs.

And, because we believe that everyone deserves access to first-class

information, our subscription service provides a competitive edge at a competitive price.

That's why we call it the MarketLine Advantage.

MARKETLINE PRODUCTS

MarketLine has eight core products that make finding exactly what you're looking for easier than ever.

While MarketLine products can be purchased individually from our online Research Store, Advantage subscribers pay a one-off fee and enjoy unlimited access to our entire product portfolio, at a much-reduced cost, with bonus access to exclusive subscriber content.

The MarketLine product portfolio includes:

MarketLine profiles 30,000+ companies at different depths, based on the size of each organization. Advantage subscribers get access to over 2,700 SWOTs, 12,600 Company Profiles, and 16,800 Company Capsules.

Company SWOTs: 2,700

Taking an analytical approach to data, MarketLine Company SWOTs uncover the strengths, weaknesses, opportunities and threats facing the biggest corporations globally, so you can make informed assessments in minutes.

SWOTs contain:

- Latest financial data for public companies
- Merger and acquisition activity
- Lists of products and services
- Competitor information

Example title:

DST Systems Inc: SWOT Analysis

Company Profiles: 12,600

Available exclusively to Advantage subscribers, Company Profiles are a first stop resource for company data, covering everything from history and personnel to competitors, products and services.

Company Profiles are either newly created or fully updated annually, meaning approximately 1,050 standard Company Profiles are added to or amended on Advantage every month.

Company Profiles contain:

- Company overview
- Key facts
- Business description
- History
- Listing of key employees
- Key employee biographies
- Listing of major products and services
- Listing of top competitors
- Company view
- Locations and subsidiaries

Example Title:

Pfizer Inc – Company Profile

Company Capsules: 16,800

A more streamlined version of Company Profiles, Company Capsules are either newly created or fully updated on an annual basis, so Advantage subscribers can expect about 1,400 Company Capsules to be changed and added to Advantage each month.

Company Capsules contain:

- Company overview
- Key facts
- Listing of key employees
- Listing of major products and services
- Listing of top competitors
- Locations and subsidiaries

Example Title:

Kraft Foods – Company Capsule

MarketLine's Industry Profiles will help you form a clear picture of individual sectors, including who is operating within them and how they are performing.

Our profiles utilize the globally recognized Porter's Five Forces analysis framework to evaluate the competitive pressures acting on "players" (rival companies) in a particular market. Industry Profiles are the ideal starting point for gaining a top-level view of individual sectors across the globe and are updated annually.

Example title: *Mining in Germany*

MarketLine Country Analysis Profiles source and pull together key market data to paint a top-level picture of the business landscape in over 110 countries.

Using the globally recognized PESTLE/PEST country analysis framework, our Country Analysis Profiles contain data on the current strengths and challenges as well as future prospects and risks facing each country.

Example title: *Country Analysis Report: Austria - In-depth PESTLE Insights*

New to MarketLine, Case Studies analyze the latest innovative company strategies – or ineffective ones, for that matter – to highlight and share key business lessons.

From social media initiatives to unusual store formats and online retailing, Case Studies present examples of best practice across a wide variety of industries and geographies, bringing innovation into full focus. Over 75 Case Studies will be added to MarketLine Advantage annually.

Example title: *Palm Oil Case Study: How consumer activism led the push for sustainable sourcing*

MarketLine's Country Statistics Database contains over half a million data points across 215 countries and 46 political and geographic groupings.

The database has 750 indicators divided into three categories:

Macroeconomic criteria:

- GDP
- Inflation
- Consumption expenditure
- Disposable income
- National savings
- Unemployment

Demographic criteria:

- Household numbers
- Household types
- Population by age, gender
- Household with/without children

Industry criteria examples:

- Energy demand
- Broadband subscribers/penetration
